

Extracts from the "PROPHETISCHE SEITE" first issued in German in May 2014

It's time to wake up!

Dear brothers, sisters and friends,

On behalf of "The Prophetic Page" team I am attaching some prophetic words that challenge us to break new ground in 2014:

1. An encouraging word from Martin Baron to help us to better understand how we should be seeing our land. It makes clear that the present condition of sin and guilt does not stand in the way of the revelation of God's glory, his blessings and his purposes for Germany.
2. A prophetic vision from Patricia King of the Lord's spiritual army coming out of Germany to break through the spiritual darkness over Europe, originally recorded in 1999 but still relevant for today.

Note: Two additional prophetic words are available in German on the Call of the Watchmen website at:

Spiritual awakening in different areas of our lives

Three times I heard the words "wake up". The first time I saw a vision of a group of Christians who had been newly awakened by the Holy Spirit. The second time a lady mayor was hearing a wake-up call from God with regard to her political responsibilities. The third wake-up call that I heard came to a person who had never experienced any kind of spiritual maturity and who responded immediately: "I now feel at home and know my identity is in Christ Jesus."

The Lord is calling us Christians in Germany to stand for truth and the will of God. Do we also have the courage to openly stand for Biblical values, even when it brings us trouble and rejection?

This wake-up call comes at a time when the people of God are in a life-threatening situation as in the fight of David against Goliath. With this in mind members of our prophetic team made the following declarations:

- God has chosen many "Davids" – courageous men and women. They are conscious of the fact that their mandate and the authority which goes with it come from heaven. They exhibit an unrelenting will – absolute devotion to God and his kingdom. Like David they act in the power of the triune God. -DR-
- It's all about David's attitude of mind. We pray that God will raise up men and women like him whose words are free from fear. They must not allow themselves to be intimidated by those who have given up trying to fight – like David's older brother. May the courageous spirit that was in David come, such that aggressive and soul destroying intimidation will be

totally ineffective. With a spirit of boldness they will stand against every spirit of doubt and lack of conviction. Many Goliaths will fall if we go forward courageously according to God's assignments. Let us stand against any ungodly circumstances in faith: "I come in the name of the Lord", like David, in God's righteousness. The fall of Goliath released the army of Israel to go forward and win further victories. -MF-

- David was bold because he knew God as the Lord of Hosts and the God of Covenant. Are we aware that it not only about God's mighty power, but also about his glory? -WP-
- Humanly speaking, it was ridiculous that David came against Goliath. But his victory released joy and courage throughout the whole nation. Because David acted bravely, the previously intimidated nation pursued its enemy into the night. -UM-

In summary: "Who are you, you uncircumcised Philistine?" shouted David and made it quite clear where real strength was to be found.

In our society today it's also all about God's honour and the dignity and values of his people.

Standing for Jesus means to profess HIM once again - in the words of the German poet Karl Johann Philipp Spitta: „Es gilt ein frei Gestaendnis in dieser unsrer Zeit, ein offnes Bekenntnis bei allem Widerstreit...“

"We are in need of a clear confession [of where we stand] in this our time, an open confession [of faith and commitment] in the face of all opposition...!"

2014 – 100 years after the outbreak of World War I

- **Decisions based on fear and intimidation have disastrous consequences:**

Historical analysis has shown how many decisions, made from fear of losing power, as a reaction to threatening gestures and intimidation from opposing sides, led to the First World War. A destructive force, such as never seen before, broke out over the world. Ten million soldiers and about seven million civilians paid the price for a continuing build up of decisions and reactions based on fear and intimidation.

- **Being guided by love and truth leads to freedom; fear leads to bad judgement and misinterpretation:**

The current heated debate in society about the role and identity of a man and a woman, homosexuality, gender mainstreaming and abortion is growing strongly. Two biblical truths, that are denied, add fuel to the fire:

1. God is not only a God of love, but he also speaks of judgement and gives a warning about hell.
2. The statement: not all religions lead to the true God.

The conflict over these truths will intensify this year. The tension will at times be oppressive and difficult to correctly discern in the spiritual realm. There will be a great temptation to accept a false peace.

- **God's will can only prevail on the basis of humility, truth and integrity:**

All those with responsibilities within any area of society and especially Christians are challenged to solve conflicts, arguments and aggression, resisting intimidation and the anxiety that comes with it. Constant fear and coercive manipulation must no longer succeed, not in political decisions and not in the family.

The coming conflicts will demand our strength and our time. Whoever courageously stands for truth and justice will suffer hardships. But in the end the Holy Spirit will reveal his power and God will unmask his enemy. God has many victories in store for his Davids. These victories will not be won by might or power, but by an unquenchable spirit, the Holy Spirit in mankind.

Our daily lives should be filled with thanks and praise. Praise the Lord for all that is good.

Have no fear: the conflicts will get even worse in order to demonstrate how Jesus, through his life, suffering, death and resurrection, has overcome all forces opposed to God and that his plans to bless our land can really be effective and change our land.

God's blessings from Markus Egli

A word of God concerning our land – Martin Baron

I received the following prophetic word from the Lord in March 2005. Although I at first considered it to be a revelation just for us personally, in February this year I felt the Lord was telling me to send it to the "The Prophetic Page" team of the "Call of the Watchmen" as a word of encouragement for Germany.

The first part describes the current state of our nation. But this should not be the focus of our attention. The Lord wants us to direct our attention to his plans and purposes which go way beyond what we have been able to see through our own natural eyes until now.

What he will do in the future for our nation is exceptionally encouraging and full of promise for his children. In this way he is calling upon us as intercessors to follow the path that has already been prepared for us by the Holy Spirit.

Please read the following with these verses in mind:

"Do not put out the Spirit's fire: do not treat prophecies with contempt. Test everything. Hold on to the good."
(1 Thessalonians 5:19-21)

"Surely the Sovereign Lord does nothing without revealing his plan to his servants the prophets." (Amos 3:7)

The Lord is saying:

"You see a land full of difficulties, full of unsolved problems, a land that is struggling.

A land in which Christians are in the minority, a small group on the fringe of society, a land that is backslidden. A land that has distanced itself from good teaching and from everything that is spiritually beneficial. A land that treats my word, my warnings, my instructions with scorn and contempt. It is an ungodly land. A land full of fallen people, disappointed people, disillusioned people, full of people who are seeking, who are drinking from wells with bitter water, who draw unclean, brackish water, and are walking completely in the wrong direction. It is a land in the wilderness – spiritually speaking.

A land with weak and small churches, with Christians who are struggling. A land controlled by ungodly powers and authorities. A land on the way to ruin – spiritual ruin.

You see a land that, spiritually speaking, appears to have no hope, where everything seems to revolve around itself. A misguided and defeated land.

But listen to me!

Where the enemy fights, there is good reason for it. And the reason is that he knows and sees and realises what I am going to do. How exactly I am going to achieve it. How I will reveal my glory.

And I look upon this land with love, with eyes full of mercy. And look upon it with much joy. For I see what no person, no angel can imagine. I see what I am going to do in this land. I see what I have in store for this land. I see what will flow out of this land as blessings and benefits – to Europe and the entire world.

Do not be influenced by what you see at the moment, my people in weakness, sin and helplessness. I myself will come to this nation to shake it up spiritually and tear it out of the grip of the enemy. I will reveal myself to the enemy. And I will need this people and land to glorify me. And I will use you for this purpose, appoint you, use you as a tool for the manifestation of the glory of God.

Go forward, my children, go straight ahead, on the path that I have prepared for you. I will give you all you need, a great victory, great honour and build a great nation for your children. Go boldly, with a clear vision and determination, for I will make it happen. Follow the cloud of my glory as my people did in the wilderness.

And you will take the land and see things that no-one in Germany would think possible. You have asked me for great things. So do not look at the wilderness, do not look at the path, look at the destination. Look to me, look at what I will do. Look for my glory.

Still in your lifetime you will see that this land will be fully transformed – not by might nor by power, but by my Spirit which leads people to do my works and to walk in my ways. And by what you should also do. Be encouraged, be bold, be clear, be determined. Do not be concerned about

the heat or about the cold. Do not look at the dust and stones on the path.

The enemy sees you coming and trembles because he knows your strength which you yourselves do not realise you have. He knows what people who trust me and are obedient are able to do. He knows that his realm of power and control in this land is endangered more than ever – even more than during the Reformation!

This land is moving towards something that is greater than the Reformation, towards the manifestation of the glory of God.

Don't worry - the stony path on which you are walking is making a way for hundreds of thousands – many hundreds of thousands of people – to salvation, power and authority. Every sickness, everything you lack, all difficulties are not by chance or for no reason, but all a part of the journey through the wilderness.

And when you walk out of the wilderness to take the promised land, you will be clothed with power from on high, such as few people have ever been before.

You have reached out for much, you will receive much. Trust me!

This word is true. It is a word of encouragement to tell you that things are moving forward, my children."

A Word Concerning Germany – Patricia King

The Holy German Invasion

"For behold, darkness will cover the earth, and deep darkness the peoples; but the Lord will rise upon you, and His glory will appear upon you. And the nations will come to your light, and kings to the brightness of your rising."
Isaiah 60:2,3.

In a vision in my spirit, I saw a dark cloud rolling in over Europe, not a storm cloud but a cloud of evil, thick darkness. It was attempting to penetrate and settle into every nation in Europe. I then saw Germany and an opening appeared in the midst of the gross darkness that was in the nation and over the continent. Out of the opening came forth a large company of worshippers, intercessors, singers, and musicians. They were clothed in holy attire, glistening white and they radiated the glory of God. Their worship was very strong, so strong that it was unshakable in the midst of opposition. (I thought of the determination of Daniel and his friends in the midst of Babylon when their worship was opposed. They were unbendable, unshakable in their commitment.) With great power these worshippers were declaring, *"The Lord is good and His mercy endures forever"* and then ... *"Holy, holy, holy is the Lord God Almighty, in righteousness and fairness does He judge the earth."* This cycle kept continuing. These worshippers were being dispersed from this opening in the nation of Germany into all the surrounding nations; they went beyond the boundaries of

what I could see in the vision. It is possible that they went into all the earth.

Following them out of the opening came forth an army. They followed the worshippers who had created a path of righteousness in the midst of the darkness. This army was a terrible army, a ferocious army ... ferocious in the power of LOVE. They were the Lord's "Salvation Army" (not the denomination but the Lord's spiritual army that is being sent forth to minister salvation to the lost and the dying). This army was an army of foot soldiers fully armored and wielding swords of truth. The strength and the power of love were very evident in them; love was the force that compelled them. Heaven was opened over this army and Jesus appeared in the vision in my mind. I saw Him as described in Revelation 19:11-13:

"I saw heaven standing open and there before me was a white horse, whose rider is called Faithful and True. With justice he judges and makes war. His eyes are like blazing fire, and on his head are many crowns. He has a name written on him that no-one knows but he himself. He is dressed in a robe dipped in blood, and his name is the Word of God."

He was watching over this army with delight, favor and support. He was indeed their Commander and King.

Then I saw the invasion. A trumpet sounded. The worshippers and the army flowing as one invaded the darkness. They were united, they were completely focused on their assignment, they did not break ranks, and they were completely consecrated and full of power. They invaded this cloud of darkness and prevailed with light, reaching out to individual hearts, calling them into the light, then reaching out to multitudes of people at a time ... thousands. They invaded sickness and disease and brought healing power, they invaded death and brought life, they invaded oppression and brought freedom ... individually ... on mass ... yes ... I see a German invasion!! They are going to the nations. It is an assignment that the Lord is placing on His church in the nation of Germany. He is calling the German Church for such a time as this to take their place as His Holy Invaders. The invaders are coming!

I then saw a second vision and yet somehow connected to the first. I saw this group of worshippers and warriors in Jerusalem. They had gone to humble themselves and to worship Christ in Jerusalem. They bore gifts for the nation. I saw three gifts: Honor, Respect, and Esteem. I saw the worshippers and the army bow low before the Lord in humble reverence in Jerusalem and then they dispersed the gifts they had brought to the people of the nation of Israel.

In this vision Germany was dispersing more gifts into Israel than any other nation. These gifts brought healing and light.
